

## American Idol winner Phillip Phillips rocks out at SOUL Studios!

October 21, 2012

Phillip Phillips performed an acoustic set for an intimate crowd earlier today inside Soul Headphones' Studios at LA's 104.3 MYFM. The **American Idol** winner's back on the West Coast following a stay in NYC, where he's been putting the finishing touches on his first album, **The World From the Side of the Moon**. Phillip said he's really "excited and nervous" to share the songs with fans, as they truly represent his style and sound as an artist.
